SPECIFIC— Statement from Helmut WOHLTAT about Nicolas MALAXA.

REF: BONNF- /0/

1. During my interview with WOHLTAT on 29 March 1952, he explained to me in great detail the part he played in the German-Rumanian trade negotiations and his relationship to MALAXA. He also told me that at the beginning of 1952, he received a similar request about MALAXA from the British Intelligence Division which he answered point by point and even read a few passages to me. When I asked him for a copy of this report to the British, he said he would prefer that I write him a letter listing the specific questions to be answered. Not being familiar with the subject and on the basis of the scant information furnished me with WASHF-31766 and 34528, I did the best I could by drawing up a series of questions which I hoped would give you the desired information.

2. At the same interview WOHLTAT also showed me a photostat of a letter in French, supposedly written by George CRETZLIANU from Canada at the end of 1951 to an unknown German diplomat. When I asked WOHLTAT if he could let me have this photostat, he said he would prefer to send me an abstract, which he did.

3. I am enclosing the following original material:

- a. Envelope addressed to F. J. Stalder, containing:
- b. Carbon copy of letter from Stalder to Wohltat, dated 8 April 1952.
- c. Original letter from Wohltat to Stalder, dated 24 April 1952, with
- d. letter in French as an attachment to Wohltat's reply (see para 2 above).
